Dr.S.Rajan - Message

Dear Friends,

Greetings,

It is with immense joy that I write to you all.

The IACTS conference held in Kovalam has been a very nice time to catch up with you all despite our busy work schedules that keep us busy right through out. Hope you had a refreshing time both for the mind and the soul at the God's own country.

Back to business, I hope that those who have registered with the website are receiving regular updates on the forthcoming events. Apart from the recently concluded CME, Techno College, Durgapur (held 2nd to 3rd May 2014) there are two more upcoming CME's

- **CTCME, Madurai, 12th to 13th September 2014**
- **Thoracic CME, CMC, Vellore, 5th to 6th December 2014.**

We hope that there would be an active participation and wish the organizers of both the CME good luck for all their sincere efforts.

We also invite applications for the fellowship programs, those interested may visit the website and go through the eligibility criteria and the other details and submit their applications before the last dates mentioned.

We invite the existing members who have not done the online registration to come forward and register and create a page for self. It would be useful virtual platform to learn and share our ideas and innovations and to further strengthen the network of the community of cardiac professionals to meet the formidable challenges in the field of healthcare.

“The health of people is the foundation upon which all their happiness and all their powers as a state depend” – *Benjamin Disraeli, British Prime Minister.*

It is very important that we health professionals should lobby and highlight the need and importance for providing primary health care and continue to work in raising , the standards of medical care. We hope that the newly elected Government's key focus remains on the Health care for All.

Let us keep connected,

Rajan Sethuratnam

TECHNOCOLLEGE 2014, Durgapur

The Mission Hospital unites the nation's top cardiac surgeons at *Durgapur*

The Indian Association of Cardiothoracic Surgeons successfully held its Technocollege CME in association with The Mission Hospital at Durgapur, with Dr. Satyajit Bose, Chairman of the hospital & Senior Cardiac Surgeon as the organizing secretary, on 2nd and 3rd May, 2014. Two state-of-the-art auditoriums equipped with the best in class audio-visual facilities for live transmission straight from the operation theatre, the summit helped widen the horizons of cardiac sciences.

The topics selected enhanced the knowledge and evolved surgical techniques in all three major sub specialties of cardiac surgery: congenital, valves and coronary artery bypass surgery.

Two live cases of Tetralogy of Fallot, one case of LIMA RIMA Y (CABG) and one case of Pulmonary Autograft were conducted by *Dr. K. S. Iyer, Dr. Suresh G. Rao, Dr. S. Bhattacharyya and Dr. Srirup Chatterjee*. After the live surgical cases were over, there was a wet lab on Pulmonary Autograft, wherein 60 pre-registered junior cardiac surgeons participated under the guidance of *Dr. Sampath Kumar*. There were didactic lectures by *Dr. K. S. Iyer, Dr. Suresh G. Rao, Dr. Mrinalendu Das, Dr. Sudhanshu Bhattacharyya, Dr. T. Ray Chowdhury, Dr. Kunal Sarkar, Dr. Satyajit Bose, Dr. Srirup Chatterjee, Dr. Sampath Kumar & Dr. Rajan Sethuratnam*.

About 150 Senior Cardiac surgeons from all over India graced the summit. Close to 85 MCh/DNB students had the opportunity to rub shoulders with seniors. The immense success of the conference stands as a tall testament to the entire Cardiac Surgery Department of The Mission Hospital, Durgapur, which is fast emerging as a center of excellence as well as a training ground for future cardiac surgeons in Eastern India.
