Introduction

IACTS SCORE is a 2-day annual examination orientation and academic review program that is conducted for final year residents pursuing residency in cardiothoracic & thoracic surgical programs.

The program is being curated by the IACTS over the last 9 years in an effort to provide a platform for residents to gain confidence in diagnostic and applied aspects of cardiothoracic surgery, both in theatre and at the bedside of patients.

Conceptualized and executed 'By the residents –For the residents' under the guidance of eminent teachers and experienced examiners, this Boot Camp is an effort for cardiothoracic surgeons-to be to excel in various certification avenues.

Why IACTS SCORE?

The residents attending the program will have a chance to go through their exam day, with the novelty of faculty teachers and examiners providing pointers through simulation-examinations, guiding the participants through the structure of examination. Highlights of the program include live-interactive sessions, fundamentals of CPB, interpretation of ECG & imaging modalities and live case discussions. If you wish to strengthen your fundamentals in CT Surgery, then this is the place for you.
