

INDIA'S BIGGEST HEART & LUNG TRANSPLANT CONFERENCE

18-20 OCTOBER, 2024 TENTATIVE PROGRAMME

Encounter the trailblazers in the realm of the changemakers

Venue: Club Babylon & Sheraton Convention Centre Nr, Babylon Club Road, S P Road, Science City Circle, Bhadaj, Ahmedabad, Gujarat

Indian Association of Cardiovascular-Thoracic Surgeons

FROM THE DESK OF THE CHAIRMEN

Dr. Milan Chag

Dr. Chirag Doshi

 $Dear esteemed \,members \,of the \,Indian\,Society\,of\,Heart\,and\,Lung\,Transplantation,$

We are honored to invite you to the 5th Annual Conference of the Indian Society of Heart and Lung Transplantation (INSHLT) that is being held in Ahmedabad on October 18–20, 2024. INSHLT has consistently played a pivotal role in fostering advancements in the field of cardiac and pulmonary transplantation, facilitating knowledge exchange, and promoting excellence in patient care. Our society's commitment to the continual development of transplant medicine has established us as frontrunners in the region.

This conference serves as a platform for experts, practitioners, and researchers to come together, share their experiences, and contribute to the further growth of heart and lung transplantation in India. The theme for this year's event, **"LEARN FROM THE PIONEERS"** appropriately captures the essence of our collective pursuit.

Throughout the conference, we will have the privilege of hearing from distinguished speakers who have dedicated their lives to the pursuit of excellence in this field. They will shed light on the latest research, technological innovations, and best practices, providing us with invaluable insights and inspiring us to raise the standard of care.

Moreover, we aim to encourage collaborative efforts among healthcare professionals, researchers, and policymakers, fostering an environment that nurtures cooperation and innovation. By coming together, we can address the challenges we face and work towards finding effective solutions that improve patient outcomes and enhance the quality of life for transplant recipients.

As we embark on this conference, I urge you all to actively participate, engage in stimulating discussions, and make the most of this invaluable opportunity to learn and network. Let us embrace the spirit of collaboration, push the boundaries of our knowledge and capabilities, and continue our noble mission of bringing hope into the lives of those in need.

Let us work together to make a lasting impact in the lives of our patients and advance our collective understanding of cardiac and pulmonary transplantation.

Warm Regards,

Dr. Milan Chag

Organising Chairman INSHLT, Ahmedabad Dr. Chirag Doshi

Organising Co-Chairman INSHLT, Ahmedabad

FROM THE DESK OF THE SECRETARY

Dr. Dhiren Shah

Dear Friends,

We are excited to extend an invitation to you for the upcoming **5th Annual National Conference on Indian Society of Heart and Lung Transplants (INSHLT) in India.** With the increasing number of heart and lung transplants in our country, this conference serves as a crucial platform to share insights, advancements, and collaborative efforts in this rapidly evolving field.

The conference aims to bring together leading experts, researchers, and practitioners to discuss the latest innovations, challenges, and opportunities in heart and lung transplantation. Your participation will contribute significantly to the exchange of knowledge and the advancement of transplant-related healthcare in India.

We look forward to your presence at this important event, as your expertise and insights will undoubtedly enrich the discussions and contribute to the collective progress in the field.

Thank you for your consideration, and we hope to see you at the 5th Annual National Conference on Indian Society of Heart and Lung Transplants (INSHLT) in India.

Best Regards,

Dr. Dhiren Shah Organising Secretary

CONNECT WITH INTERNATIONAL PIONEERS

Dr. Ankit Bharat M.B.B.S.

Chief of Thoracic Surgery in the Department of Surgery, Northwestern Medicine, Chicago, USA

Dr. Ankit Bharat holds the esteemed position of Chief of Thoracic Surgery at Northwestern Medicine. Dr. Bharat completed his medical education and training at premier institutions, earning accolades for his dedication and proficiency. His clinical practice at Northwestern Medicine focuses on providing state-of-the-art care to patients with complex thoracic conditions, including lung cancer and esophageal disorders. His work has been published in prominent medical journals and presented at international conferences. He is a part of several professional societies and is a prominent speaker.

Dr. Hiroshi Date M.D.

Chairman and Professor, Department of Thoracic Surgery, Kyoto University, Japan

Dr. Hiroshi Date, MD, serves as the Chairman and Professor in the Department of Thoracic Surgery at Kyoto University, Japan. Dr. Date achieved a significant milestone by successfully performing the first living-donor lobar lung transplantation in Japan. Since then, he has conducted approximately 400 lung transplants, resulting in a 70% survival rate at the 10-year mark. Dr. Date has performed more than 4,000 thoracotomies and has authored more than 600 peer-reviewed publications in various fields of general thoracic surgery including thoracic malignancy and lung transplantation. Dr. Date's groundbreaking work and continued contributions to thoracic surgery have established him as a prominent figure in the medical community, both in Japan and internationally.

Dr. Jignesh K. Patel M.D., PhD

Cedars-Sinai California Heart Center, California, USA

Dr. Jignesh Patel is a distinguished physician-scientist affiliated with the Cedars-Sinai California Heart Center in California, USA. He holds dual qualifications with an M.D. and a Ph.D., reflecting his comprehensive expertise in both clinical practice and research.

Dr. Kewal Krishan M.D.

Associate Professor of Clinical Surgery Surgical Director of Mechanical Circulatory Supports Division of Cardiovascular Surgery. Temple University Hospital & Lewis Katz School to Medicine, Philadelphia, PA

Dr. Kewal Krishan holds the esteemed position of Associate Professor of Clinical Surgery and serves as the Surgical Director of Mechanical Circulatory Support at Temple University Hospital, affiliated with the Lewis Katz School of Medicine in Philadelphia, PA. Dr. Krishan is recognized for his expertise in cardiovascular surgery, particularly in the management of mechanical circulatory support devices. Dr. Krishan's leadership in the Division of Cardiovascular Surgery at Temple University Hospital underscores his commitment to excellence in patient care, education, and research. He has several papers published under his name and is a part of several professional associations.

CONNECT WITH INTERNATIONAL PIONEERS

Dr. Peter Jaksch M.D.

Department of Thoracic Surgery, Medical University of Vienna, Vienna, Austria

Dr. Peter Jaksch is a renowned doctor and an academician who is currently serving at the Department of Thoracic Surgery, Medical University of Vienna. Dr. Jaksch has been a member of several professional societies like ISHLT, ERS, OGP etc. His research has been widely published in esteemed medical journals, and he has been a key figure in advancing new techniques and improving patient outcomes. He has been in the editorial committee of several scientific journals and has been an eminent speaker in several National & International congresses. Throughout his career, Dr. Jaksch has received numerous accolades for his contributions to the field, including national and international awards. His commitment to education and mentorship has also made him a respected educator, shaping the next generation of thoracic surgeons.

Dr. Peter Macdonald FRACP, PHD, MD, FCSANZ

Medical Director, Heart Transplant Unit, St Vincent's Hospital, Sydney

Dr. Peter Macdonald is a Conjoint Professor of Medicine in the University of New South Wales, Medical Director of the Heart Transplant Unit at St Vincent's Hospital, Sydney and Head of the Transplantation Research Laboratory at the Victor Chang Cardiac Research Institute. His major research interests over the last 30 years have been in the areas of heart failure, pulmonary hypertension, heart transplantation, donor management and organ preservation. He has co-authored over 400 peer-reviewed manuscripts. Dr. Peter's contributions have earned him recognition both nationally and internationally, solidifying his reputation as a leading expert in heart transplantation and cardiac research.

Dr. Richard C. Daly FRACP, PHD, MD, FCSANZ

Department of Cardiovascular Surgery Mayo Clinic, Rochester, MN, USA

Dr. Richard C. Daly is a renowned cardiovascular surgeon at the Mayo Clinic and Professor of Surgery at the Mayo Clinic Alix School of Medicine. He completed his medical education and training at the Mayo Clinic, with further specialization in heart and lung transplantation under Professor Sir Magdi Yacoub in London. Dr. Daly directs Pediatric Heart Transplantation and has extensive experience in adult heart and lung transplantation, robot-assisted surgery, and minimally invasive mitral valve repair. Dr. Daly's exceptional contributions to the field have been recognized with the Mayo Clinic Distinguished Clinician Award. As the current Chair of the UNOS Heart Committee, he is instrumental in shaping U.S. national policies for organ allocation. Dr. Daly's expertise, innovation, and dedication to patient care and medical education have established him as a leader in cardiovascular surgery.

CONNECT WITH INTERNATIONAL PIONEERS

Dr. Shaf Keshavjee M.D., F.R.C.S.C

Surgeon-in-Chief, UHN, University of Toronto, Canada

Dr. Shaf Keshavjee serves as the Surgeon-in-Chief at University Health Network (UHN) and is affiliated with the University of Toronto in Canada. He is renowned for his groundbreaking contributions to thoracic surgery and lung transplantation. Dr. Keshavjee's illustrious career spans decades, marked by pioneering achievements in the field of thoracic surgery. He specializes in advanced surgical techniques for lung transplantation, including ex-vivo lung perfusion (EVLP), which has revolutionized organ preservation and expanded the donor pool. Dr. Keshavjee has authored numerous influential publications and played a pivotal role in shaping international protocols for lung transplantation and thoracic surgery.

Dr. Venkatraman Rajamiyer FRSC, MD

Director of Heart & Lung Transplantation Wythenshawe

Dr. Venkat currently serves as Director of Heart & Lung Transplantation and leads mechanical circulatory support at Wythenshawe. He represents the UK cardiothoracic transplant community and chairs CTAG-UK for heart transplant patients. Dr. Venkat currently serves as Director of Heart & Lung Transplantation and leads mechanical circulatory support at Wythenshawe. He represents the UK cardiothoracic transplant community and chairs CTAG-UK for heart transplant patients. He has performed over 100 heart transplants, including 10 DCD heart transplants, and pioneered the first Heartmate-3 LVAD in the UK with over 120 implants to date. Additionally, Venkat specializes in mitral valve surgery, complex redo surgery, minimal access aortic valve replacement, and lung and heart-lung transplantation.

PROGRAMME HIGHLIGHTS

18-19 OCTOBER, 2024 (FRI-SAT)	
MAIN SESSIONS (Case-based Discussion, Live-in-box Sessions, Advance Technology)	
 Heart Transplantation 	Location: Hall-H
 Lung Transplantation 	Location: Hall-L
BREAKFAST SESSIONS	Location: Hall-Vegas
 18-Oct, 2024 - Interesting Case Discussions 	
 19-Oct, 2024 - Indian Jugaad in Transplantation 	
MEET THE EXPERT SESSION Exclusive Discussion with Stalwarts of Heart and Lung Transplantation	
FOCUSED TRACKS	
18-Oct, 2024 - Infectious Diseases in Solid Organ Transplant	t Location: Hall-A
18-Oct, 2024 - Physiotherapy & Rehabilitation	Location: Hall-B
▶ 19-Oct 2024 - FCMO & MCS	I ocation: Hall-A

▶ 19-Oct, 2024 - Heart & Lung Transplant - Histopathology

20 OCTOBER, 2024 (SUNDAY)

FOUNDATION TRACK: SESSION TAILORED FOR BEGINNERS

- Setting up a Transplant Program Infrastructure to Human Resource
- Basics of Transplantation
- Donor Optimization
- ► Organ Harvesting Technique (Video Session)
- Challenges in Transplantation Program

Location: Hall-H

Location: Hall-B

DAY-1 LOCATION : HALL - H | HEART TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

07:30 AM REGISTRATION

Breakfast Sessions

08:00 AM Breakfast Session-Interesting Case Discussions

Session 1: Management of Heart Failure Patients

(Each talk 10 minutes and 20 min discussion after session)

Chair Persons :

Moderators

- 09:00 AM What's Beyond GDMT (4 Pillars) in Medical Management of Heart Failure Patients? -
- 09:10 AM Do we need to modify pharmacotherapy (e.g. RAAS inhibitors/ Amiodarone/ NOAC) once patient listed for Heart transplant
- 09:20 AM CRT/ICD in Heart failure- A financial burden or a marker of the ideal pre transplant patient?
- 09:30 AM Home Milrinone Poor man's LVAD?
- 09:40 AM Question-Answer

Session 2: Management of heart failure patients

(Each talk 12 minutes and 24 min discussion after session)

Chair Persons :

Moderators :

- 10:00 AM Do all Heart Failure Patients Referred to Heart Transplant Team need Transplant? Identifying the r eversible Causes for Heart Failure
- 10:12 AM Management of Acute Decompensated Heart Failure with Intermacs 1 and 2 The Right Device at the Right Time in Cardiogenic Shock
- 10:24 AM SCD (Sudden Cardiac Death) in Heart Failure Patients- Causes & Prevention

10:36 AM Question-Answer

11:00 AM Coffee Break

Session 3: Evaluation of Heart Transplant Recipient

(Each talk 12 minutes and 10 min Discussion After Session)

Chair Persons :

Moderators :

11:15 AM When and Who should should go for Heart Transplant? 11:27 AM Challenges in Right Heart Catheterization – Patients on ECMO/LVAD/Pediatric Population
11:40 AM Question-Answer

LOCATION : HALL - H | HEART TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 4: Mitral Interventions in Patients with Poor LVEF: Should we do it?

Chair Persons :

Moderators	:
11:50 AM	Surgical Perspective
11:58 AM	Medical Perspective
12:06 PM	Question-Answer
Session 5:	Pre Heart transplant
Session 5: Moderators	Pre Heart transplant

Session 6:	
Chair Persons	:
Moderators	:
12:45 PM	Pre Transplant Frailty Assessment and Management
12:55 PM	Management of Sensitized Recipient
01:05 PM	Question-Answer
01:15 PM	LUNCH
Session 7:	Peri Operative Heart Transplant
Chair Persons	:
Moderators	:
02:00 PM	Induction Immunosuppressants - Mandatory or Optional?
02:10 PM	Management of Surprised HLA Cross Match Positive Recipient
02:20 PM	Weaning from CPB of Heart Transplant Recipient
02:30 PM	Special Considerations for Multi-Organ Transplants: Heart's Plus One (or Two)
02:40 PM	Question-Answer
Session 8:	Peri Operative Heart Transplant
Chair Persons	:
Moderators	:
03:00 PM	Management of PGD- LV /RV
03:12 PM	Preservation Techniques of Donor HeartOCS & Machine perfusion
00.04.514	

03:36 PM Question-Answer

LOCATION : HALL - H | HEART TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 9: Peri Operative Heart Transplant

Chair Persons :

Moderators	•
1.1000101010	•

04:00 PM	Backbench Repair of Donor Heart
04:10 PM	Comparison Between Different Preservation Solutions for Donor Heart
04:20 PM	Navigating Surgical Implantation Challenges- Size Mismatch
04:30 PM	Bloodless heart Transplant
04:40 PM	Question-Answer

Session 10: Peri Operative Heart Transplant

Chair Persons :

Moderators	:
05:00 PM	DCD donations and challenges in India
05:10 PM	Donor Heart with Challenging anatomy
05:20 PM	Heart transplantation with ABO incompatible donor
05:30 PM	My Experience of Establishing Heart Transplant in Military Hospital
05:40 PM	Question-Answer

06:30 PM P.K. Sen Oration - Dr. Shat Keshvaji

08:00 PM DINNER

DAY-1 LOCATION : HALL - L | LUNG TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

07:30 AM	REGISTRATION
Breakfast Se	essions
08:00 AM	Breakfast Session-Interesting Case Discussions
Session 1:	Lung Transplantation: Criteria and Donor Selection
Chair Persons Moderators 09:00 AM 09:10 AM 09:20 AM 09:30 AM 09:40 AM	: Evolution of the ISHLT Consensus Statement on Criteria for Selecting Lung Transplant Candidates: A Review update from 1998 to present and its effect on outcomes Mananging the patient on transplant waiting list Eisenmengerised candidate management and correct time for Heart-Lung transplantation Enhancing Donor Management for Improved Lung Transplant Outcomes Question-Answer
Session 2:	Presurgical Strategies for Improving Lung Transplantation Outcomes
Chair Persons Moderators 10:00 AM 10:12 AM 10:24 AM 10:36 AM	: Traferox: Ex Vivo Perfusion for Lung Transplantation Lung Transplantation: Shifting Perspectives from Brain Death to Cardiac Death Donors and the Future in India Lung Transplantation in COVID-19 ARDS: Challenges and Lessons Learned Question-Answer
Session 3:	Critical Assessments and Challenges in Lung Transplantation
Chair Persons Moderators 11:00 AM 11:10 AM 11:20 AM 11:30 AM 11:40 AM	: Assessment of Frailty and Nutrition Management Preceding Lung Transplantation Psychological Assessment and Preparation of Lung Transplant Candidates Understanding HLA, PRA, and Cross-Match Reports in Lung Transplantation Lung Transplantation and GERD Question-Answer
Session 4:	Double lung transplantation vs Heart Lung transplantation in Idiopathic pulmonary artery hypertension
Moderators	:

Panel Discussion :

12:00 PM

LOCATION : HALL - L | LUNG TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 5:	Insights from Experts
Chair Persons Moderators 12:30 PM 12:40 PM 12:50 PM 01:05 PM 01:15 PM	: Lung Transplantation in Lung Carcinoma: Expanding Frontiers Evaluating Lung Transplant Candidates from an Anesthesiologist's Perspective ECMO Considerations for Acute Exacerbation of ILD as a Bridge to Lung Transplant Question-Answer LUNCH
Session 6:	Peri Operative lung Transplant
Chair Persons Moderators 02:00 PM 02:10 PM 02:20 PM 02:30 PM 02:40 PM	: Avoiding pitfalls during Lung procurement Role of Warm and Cold Ischemia in the Development of PGD and CLAD Marginal Donor, Marginal Recipient: Exploring Outcomes in Lung Transplantation Anaesthetic Management in Lung Transplantation: Challenges and Solutions Question-Answer
Session 7:	Panel discussion
Moderators 03:00 PM	: Dr. Jnanesh Thacker Panel Discussion : size mismatch between donor and recipient
Session 8:	Lung Transplant Surgical Insights
Chair Persons Moderators 03:30 PM 03:42 PM 03:54 PM 04:06 PM	: Techniques for managing size mismatch in Bronchial and Vascular Anastomosis Living Lobar Lung Transplantation: How do I prepare for my first case Challenges in Lung Transplantation for Pulmonary Arterial Hypertension (PAH) Question-Answer
Session 9:	Critical Debate: Off-Pump vs. ECMO in Lung Transplantation
04:30 PM	Non-ECMO (Dr. Jnanesh Thacker/Dr. Kewal Krishan) vs. ECMO (Dr. Sandeep Attawar /Dr. T Sunder) in Lung Transplantation
Session 10:	Peri Operative lung Transplant
05:00 PM 05:10 PM	Fluid and Electrolyte Management after Lung Transplantation Patient Blood Management for Lung Transplantation
Session 11:	Panel discussion
Moderators 5:30 PM	: Panel Discussion : Management of Sensitized Recipients
07:00 PM	Oration & Inauguration
08:30 PM	DINNER

#LearnFromPioneers

LOCATION : HALL - A | FOCUSED TRACKS INFECTIOUS DISEASES IN SOLID ORGAN TRANSPLANT

FRIDAY | 18th OCTOBER, 2024

Session 1:

Chair Persons :

Moderators	:
02:00 PM	Respiratory viral infections in heart and lung transplant
02:25 PM	Drug interactions and therapeutic drug monitoring- Know them to hit the right note!
02:55 PM	Evidence based prophylaxis for heart and lung transplant
03:20 PM	ECMO and VAD related infections-Prevention and management
03:45 PM	Tuberculosis in heart and lung transplantation: considerations for screening, prophylaxis, and treatment

04:15 PM Tea Break

Session 2:

Chair Persons :

Moderators	:
04:30 PM	Indian Perspective to management of Invasive fungal infections
05:00 PM	CMV in heart and lung transplant- newer therapeutic modalities
05:25 PM	Is my patient ready for the transplant? (Pre-transplant screen and vaccination) -

Session 3:

Chair Persons :

05:50 PM	Positive Cultures from the heart and lung donor – What do I make of them? (Interactive session)
	Moderator:
	Penalist:
06:20 PM	Challenging cases in Thoracic Organ transplant- Solving them across the table (Panel)
	Moderator:
	Penalist:
07:10 PM	JAMA -Just Ask Me Anything (all speakers)

LOCATION : HALL - A | FOCUSED TRACKS PHYSIOTHERAPY & REHABILITATION

FRIDAY | 18th OCTOBER, 2024

10:00 AM REGISTRATION

Breakfast S	essions
11:30 AM	Breakfast Session-Indian Jugaad
Session 1:	Pre Operative Transplant Rehabilitation
11:30 AM 11:45 AM 12:00 PM 12:15 PM 12:30 PM 12:45 PM	cardio pulmonary exercise testing (CPET) in heart transplantation Renewing Life: A Lung Transplant Rehabilitation Journey. Overview of rehabilitation protocols for heart and lung transplants - challenges and outcomes Fueling resilience: pre and post -transplant nutrition essential Heart and lung transplant rehabilitation counseling Question-Answer
Session 2:	Peri operative Transplant Rehabilitation
2:00 PM 2:10 PM	Team collaboration in transplant rehabilitation: enhancing interdisciplinary communication and coordination among physiotherapists, transplant physicians, nurses, and other healthcare professionals Mobility and ambulation: early mobilization strategies to prevent complications post-transplant in critically
2:20 PM 2:30 PM 2:40 PM	ill patients Unveiling exercise limitations: evaluating functional capacity after heart transplantation Patient case insights in heart and lung transplant rehabilitation Question-Answer
Session 3:	Peri operative Transplant Rehabilitation
3:00 PM 3:15 PM	Optimizing Cardiovascular Training Post-Heart Transplant Post-transplant rehabilitation protocols: tailoring exercise programs and rehabilitation strategies for Heart/ lung transplant recipients.
3:30 PM 3:45 PM 4:00 PM	Innovative technologies in physiotherapy: exploring the role of virtual rehabilitation, wearable devices, and telemedicine in supporting transplant patients' recovery and monitoring.
Session 4:	: Case Discussion
4:30 PM 5:00 PM 5:30 PM 6:30 PM	Case on heart transplant Case on Lung transplant Case on patient with ECMO Case on criticaly ill patient
6:30 PM	Oration & Inauguration

LOCATION : HALL - H | HEART TRANSPLANTATION POST OPERATIVE MANAGEMENT OF HEART TRANSPLANT RECIPIENTS, MCS AND RECENT ADVANCES

SATURDAY | 19th OCTOBER, 2024

07:30 AM REGISTRATION

Breakfast Sessions

8:00 AM Breakfast Session-Indian Jugaad in Transplantation

Session 1:

Chair Persons :

Moderators	:

#LearnFromPioneers

DAY-2 LOCATION : HALL - A | FOCUSED TRACKS ECMO & MCS

SATURDAY | 19th OCTOBER, 2024

Session 1: 11 AM to 12 PM

Chair Persons :

Moderators :

Physiology of gas exchange and Oxygenation in ECMO

Overview of ECMO Circuit, set up, troubleshooting in ECMO circuit related issues - Mr. PVS Prakash (NH perfusionist)

Decision making process for initiating ECMO support - Indications and contraindications

Question-Answer

Session 2: 12 PM to 01 PM

Chair Persons :

Moderators :

Cannulation techniques for both VV and VA ECMO & strategies to minimize its complications

Ultrasound guided cannulation and vessel assessment

Pediatric ECMO- Differences in Cannulation strategies & circuit configurations

Question-Answer

LUNCH	01 PM to 02 PM
Session 3:	2 PM to 3 PM

Chair Persons :

Moderators :

Common Complications associated with ECMO support

Prevention and management of neurological and gut related complications on ECMO

Anticoagulation protocols & management of bleeding & thrombotic complications

Blood product management & transfusion thresholds on ECMO

Question-Answer

Session 4: 3 PM to 4 PM

Chair Persons :

Moderators :

Ventilator management strategies during VA & VV ECMO

Troubleshoot common mechanical issues and alarms encountered during ECMO support

 $\mathsf{ECMO}\ utilization\ \&\ \mathsf{management}\ \mathsf{in}\ \mathsf{massive}\ \mathsf{pulmonary}\ \mathsf{embolism}\ \mathsf{and}\ \mathsf{right}\ \mathsf{heart}\ \mathsf{failure}$

Question-Answer

DAY-2 LOCATION : HALL - A | FOCUSED TRACKS ECMO & MCS

SATURDAY | 19th OCTOBER, 2024

Session 8: 4 PM to 5 PM

Chair Persons :

Moderators :

Techniques for ECMO assisted DCD Procurement

Challenges and management of safe transport of ECMO supported patients

Current research trends & studies in the field of ECMO

Question-Answer

Session 8: 5 PM to 6 PM

Chair Persons :

Moderators :

Hybrid ECMO configurations - Indications and challenges

Weaning and decannulation strategies for VA and VV ECMO

ECPR- patient selection, cannulation strategies, complications and outcome

Question-Answer

Session 9: 6 PM to 7 PM

Hemodynamic management & monitoring in ECMO supported cardiac patients Comparison of different techniques for left ventricular decompression during VA ECMO Timing of initiation of ECMO support & outcomes among patients with cardiogenic shock

Question-Answer

LOCATION : HALL - B | FOCUSED TRACKS HEART & LUNG TRANSPLANT - HISTOPATHOLOGY

SATURDAY | 19th OCTOBER, 2024

Session 1:	Heart Transplant Pathology	
Chair Person	s :	
Moderators	:	
2:00 PM	Pathology of Heart Transplantation : Role of Endomyocardial biopsy in the assessment of Allograft T ransplant Rejection	
2:50 PM	Question-Answer	
3.00 PM	C4d and C3d interpretation of Endomyocardial biopsy in the assessment of Allograft Transplant Rejection	
3:50 PM	Question-Answer	
Session 2:	Lung Transplantation	
Chair Person	s :	
Moderators	:	
4.00 PM	Pathology of Lung disorders for whom transplant is essential	
4.45 PM	Question-Answer	
4.55 PM	Lung changes HPE and IHC In covid damaged lung tissue.Pathogenesis and need for transplant	
5.25 PM	Question-Answer	
5.30 PM	Pathology of Lung Transplantation : Role of Endobronchial/Transbronchial biopsy in the assessment of A	
	Ilograft Transplant Rejection	
6.00 PM	Question-Answer	
Session 3:	Interesting Case Discussion	
6.10 PM	Interesting cases of Endomyocardial biopsy	
6.40 PM	Interesting cases of lung transplant biopsy	
7.20 PM	Question-Answer	

LOCATION : HALL - C | FOUNDATION TRACK SESSION TAILORED FOR BEGINNERS

SUNDAY | 20th OCTOBER, 2024

07:30 AM REGISTRATION

Session 1:

Chair Persons :

Moderators :

8:40 AM Welcome Address
9:00 AM Setting up a Transplant Program-How to Approach
9:20 AM Selecting the right patient for heart Transplantation - Indications/Contraindications/Presurgical workup
9:40 AM Right Heart Catheterisation-Procedure and Inference From Data
10:00 AM Panel Discussion & Question-Answer

Session 2:

Chair Persons	:
Moderators	:
10:10 AM	Indications for Lung Transplantation/Referral and Listing Criteria
10:30 AM	Donor Optimization
10:50 AM	Logistic and Surgical Challenges
11:10 AM	Panel Discussion & Question-Answer
11:00 AM	Coffee Break
11:15 AM	Quiz - Heart & Lung Transplantation
01:00 PM	NETWORKING LUNCH
Session 3:	
02:00 PM	Surgical videos for Heart Procurement
02:15 PM	Surgical videos for Heart Implantation
02:30 PM	Surgical videos for Lung Procurement
02:45 PM	Surgical videos for lung implantation
03:00 PM	Panel Discussion & Question-Answer
Session 4:	
03:15 PM	Postoperative Monitoring for Transplantation Patients
03:30 PM	Primary Graft Dysfunction – How to Tackle It?
03:45 PM	Immunosuppression and Medical Therapy After Transplantation
04:00 PM	Long-term Outcomes of Heart Transplant and Lung Transplant
04:15 PM	Panel Discussion & Question-Answer

WHO SHOULD ATTEND

- Cardiac Surgeon
- Heart Transplant Cardiologist
- Heart and Lung Transplant Anesthesiologist
- Thoracic Surgeon
- Pulmonologist
- Infectious Disease Specialist
- Pathologist
- Immunologist
- Transplant Critical Care Specialist
- Physiotherapist & Rehabilitation Specialist
- Perfusionist
- Transplant Co-ordinators

INDUSTRY SPOTLIGHT SESSIONS

Showcase Industry Latest Innovations and Cutting Edge Products

18-19 OCTOBER, 2024 (FRI-SAT)

Venue and Hotel Details

About CLUB BABYLON

Gorgeously spread over 47,000 square yards, Club Babylon & Sheraton Convention Centre has a predominant sense of vastness and opulence. Neighbour to an enchanting lake garden - a magnificent 80,000 square yards of flora and fauna, nature is in full bloom in and around Club Babylon.

Towering tall above the ground, and nestling well below it too; Club Babylon flaunts an architecture that you have hardly seen before.

Highlights of Ahmedabad:

Gandhi Ashram

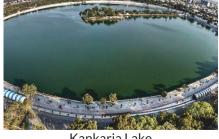

Adalaj Stepwell

Atal Bridge

Sidi Saiyyed Mosque

Kankaria Lake

Dandi Kutir

10 20 001 0021, 2021 | 7,1112

Registration Fee

Registration Types	Before (30th August 2024)	After (1st Sep. 2024)
01. INSHLT & SfHFT Members Registration	₹ 5000	₹ 8000
02. Non-Members Registration	₹ 8000	₹ 10000
03. Student Registration	₹ 2000	₹ 3000
04. Physiotherapy Registration	₹ 2000	₹ 3000
05. Foundation Track Registration	₹ 2000	₹ 3000

Note: Points 1 and 2 include foundation track registration.
