Venue : Justice K S Hegde Charitable Hospital  
Deralakatte, Mangalore

**15<sup>th</sup>-16<sup>th</sup>**  
**OCT 2022**

**REGISTER NOW**

# Welcome message

---

Dear Friends,

It gives me immense pleasure to invite you all to the IACTS Mid-Term Cardiac CME 2022, to be held at the Justice K.S.Hegde Medical Academy (NITTE, deemed to be University) Deralakatte, Mangalore on 15th and 16th October 2022.

The theme of the conference is “inculcate and assimilate”. The scientific programme of the conference has been designed to cover a wide gamut of topics concerning cardiac surgery including ischemic heart disease, valvular heart disease, aortic surgery, minimally invasive cardiac surgery, heart transplantation, ECMO and congenital heart defects. There will also be a “How I do it” session. The stalwarts of our profession will be present to share their views.

The talks will be delivered by the experts on the subject and there will be sufficient time for discussion post each session. The topics have been chosen to benefit all levels of surgeons from trainees, and young to senior.

Friends, medicine is a rapidly progressing field, more so cardiovascular surgery. Thus, we have to update ourselves with the latest techniques and technologies.

We will have the opportunity to interact with the experts in the industry and explore, educate and learn together, the latest innovations in cardiovascular surgery.

This is the first time a national level conference of cardiovascular thoracic surgeons is being held in this “smart city” of Mangalore, aptly called the educational and health hub of Karnataka, for decades.

We assure and will ensure that every delegate enjoys the conference and the hospitality, topped by the great ambience of the venue- Avishkar Hall at Justice K.S.Hegde Charitable Hospital and also the ambrosial coastal cuisine and a mix of the culture of Mangalore.

Looking forward to welcoming you all in Mangalore for the IACTS Mid-Term Cardiac CME 2022 in October.

**Dr. A. G. Jayakrishnan** MS,FRCSI, FRCS(CTh)  
Organizing Secretary- IACTS Mid-Term Cardiac CME 2022
